Contents to Volume 54 (1993)

Number 1 – July 1993

Editorial Comment
Clinical Notes: why we publish them 1

Clinical Review
Pain in human immunodeficiency virus disease: a review
W.M. O'Neill and J.S. Sherrard (UK) 3

RESEARCH REPORTS
Painful symptoms reported by ambulatory HIV-infected men in a longitudinal study
E.J. Singer, C. Zorilla, B. Fahy-Chandon, S. Chi, K. Syndulko and W.W. Tourtelotte () 15
Morphine attenuates surgery-induced enhancement of metastatic colonization in rats
G.G. Page, S. Ben-Eliyahu, R. Yirmiya and J.C. Liebeskind (USA, Israel) 21
Two brief interventions for acute pain
S. Bruehl, C.R. Carlson and J.A. McCubbin (USA) 29
Effect of protons on the inward current evoked by capsaicin in isolated dorsal root ganglion cells
M. Petersen and R.H. LaMotte (USA) 37
The formalin test: a validation of the weighted-scores method of behavioural pain rating
T.J. Coderre, M.E. Fundytus, J.E. McKenna, S. Dalal and R. Melzack (Canada) 43
Empirically derived chronic pain patient subgroups: the utility of multidimensional clustering to identify differential treatment effects
S.H. Sanders and S.F. Brena (USA) 51
Possible chemical contribution from chromic gut sutures produces disorders of pain sensation like those seen in man
T.J. Maves, P.S. Pechman, G.F. Gebhart and S.T. Meller (USA) 57
Endogenous nitric oxide is required for tonic cholinergic inhibition of spinal mechanical transmission
M. Zhuo, S.T. Meller and G.F. Gebhart (USA) 71
Effects of intrathecal strychnine and bicuculline on nerve compression-induced thermal hyperalgesia and selective antagonism by MK-801
T. Yamamoto and T.L. Yaksh (USA) 79
Characterization of spinal somatosensory neurons having receptive fields in lumbar tissues of cats
R.G. Gillette, R.C. Kramis and W.J. Roberts (USA) 85
Is TENS purely a placebo effect? A controlled study on chronic low back pain
S. Marchand, J. Charest, J. Li, J.-R. Chenard, B. Lavignole and L. Laurencelle (Canada, France) 99

Clinical Note
Uncontrolled pain following physical injury as the core-trauma in post-traumatic stress disorder
S. Schreiber and T. Galai-Gat (Israel) 107

Erratum 111

Number 2 – August 1993

Editorial Comment 113

Review Articles
Human brain measures of clinical pain: a review I. Topographic mappings
A.C.N. Chen (USA) 115
Human brain measures of clinical pain: a review II. Tomographic imagings
A.C.N. Chen (USA) 133

RESEARCH REPORTS
Neurolytic superior hypogastric plexus block for chronic pelvic pain associated with cancer
O.A. De Leon-Casasola, E. Kent and M.J. Lema (USA) 145

Characteristics of chronic pain patients: factor analysis of the MMPI-2
W.W. Deardorff, A.F. Chino and D.W. Scott (USA) 152
Tyramine conjugation deficit in patients with chronic idiopathic temporomandibular joint and orofacial pain
B. Aghabeigi, C. Feinmann, V. Glover, B. Goodwin, P. Hannah, M. Harris, M. Sandler and M. Wasil (UK) 159
The use of topical guanethidine in the relief of dentine hypersensitivity: a controlled study
S.M. Dunne and J.G. Hannington-Kiff (UK) 165
Management of terminal cancer pain in Sweden: a nationwide survey
N. Rawal, J. Hylander and S. Arnér (Sweden) 169
Development of secondary hyperalgesia following non-painful thermal stimulation of the skin: a psychophysical study in man
F. Cervero, R. Gilbert, R.G.E. Hammond and J. Tanner (UK) 181
Interactions between sympathetic vasoconstrictor outflow and C nociceptor-induced antidromic vasodilatation
J.L. Ochoa, D. Yarnitsky, P. Marchettini, R. Dotson and M. Cline (USA) 191
Diclofenac evaluated in a human experimental model of central pain
R. Björkman and M. Elam (Sweden) 197
Increased in vivo release of calcitonin gene-related peptide-like material from the spinal cord in arthritic rats
E. Collin, S. Mantelet, D. Frechilla, M. Pohl, S. Bourgoin, M. Hamon and F. Cesselin (France) 203
On the nature of neck pain, discography and cervical zygapophysial joint blocks
N. Bogduk and C. Aprill (Australia, USA) 213
The analgesia induced by intrathecal injection of ruthenium red
T. Ohkubo, M. Shibata and H. Takahashi (Japan) 219

Clinical Notes
Treatment of the post-mastectomy pain syndrome with topical capsaicin
D. Dini, G. Bertelli, A. Gozza and G.G. Forno (Italy) 223
Ketamine hydrochloride in the treatment of phantom limb pain
C.F. Stannard and G.E. Porter (UK) 227

LETTERS TO THE EDITOR
The 'significance' of statistical significance
F. Perry, P.H. Heller and J.D. Levine (USA) 231
Significance, non-significance, who has found significance?
M.A. Slater, J.C. Klapow and J.N. Doctor (USA) 231
The role of conditioning in the placebo response: a comment on Voudouris et al., *PAIN*, 43 (1990) 121–128
P.J. De Jong and A. Arntz (The Netherlands) 232
The role of conditioning and expectancy in placebo phenomena: a reply to P.J. de Jong and A. Arntz
N.J. Voudouris and G. Coleman (Australia) 234

Announcement from the Publisher 237

Number 3 – September 1993

Editorial Announcement iv

Editorial
Vigilance in defense of animal welfare
P.D. Wall (UK) 239

Review Article
Nociception from skeletal muscle in relation to clinical muscle pain
S. Mense (Germany) 241

RESEARCH REPORTS
Spinal nitric oxide synthesis inhibition blocks NMDA-induced thermal hyperalgesia and produces antinociception in the formalin test in rats
A.B. Malmberg and T.L. Yaksh (USA, Sweden) 291
The NMDA antagonist Memantine blocks pain behavior in a rat model of formalin-induced facial pain
E. Eisenberg, B.P. Vos and A.M. Strassman (USA) 301
Spinal cord morphology and antinociception after chronic intrathecal administration of excitatory amino acid antagonists in the rat
J.D. Kristensen, C. Post, T. Gordh Jr. and B.A. Svensson (Sweden) 309
A psychosocial and behavioral comparison of reflex sympathetic dystrophy, low back pain, and headache patients
D.E. DeGood, G.W. Cundiff, L.E. Adams and M.S. Shutty, Jr. (USA) 317
How frequent is anesthesia dolorosa following spinal posterior rhizotomy? A retrospective analysis of fifteen patients
C.A. Pagni, M. Lanotte and S. Canavero (Italy) 323
Nurses' assessment of postoperative patients' pain
M.L. Zalon (USA) 329

Failure hurts: the effects of stress due to difficult tasks and failure feedback on pain report
F.M. Levine, S.M. Krass and W.J. Padawer (USA) 335
Polarised views on treating neurogenic pain
H.T.O. Davies, I.K. Crombie and W.A. Macrae (UK) 341
Memory for pain and affect in chronic pain patients
R.A. Bryant (Australia) 347
A controlled study of the effects of an early intervention on acute musculoskeletal pain problems
S.J. Linton, A.-L. Hellsing and D. Andersson (Sweden) 353

LETTERS TO THE EDITOR
Comments on topical clonidine for relief from allodynia
E.E. Olson, Q.H. Hogan and S.E. Abram (USA) 361
Clonidine: effects on pre- vs. post-junctional adrenoceptors
S.N. Raja, R.A. Meyer and J.N. Campbell (USA) 361
Comments on Coggeshall et al., *PAIN*, 52 (1992) 233–242
D. Nuytten, R. Kupers, M. Lammens and J. Gybels (Belgium) 362
Reply to D. Nuytten and colleagues
R.E. Coggeshall, P.M. Dougherty, C.M. Pover and S.M. Carlton (USA) 362
Central neuroplasticity
J.S. Morley (UK) 363
Pain and neuroplasticity: anatomical changes and somatotopic reorganization. A reply to J.S. Morley
T.J. Coderre, J. Katz, A.L. Vaccarino and R. Melzack (Canada) 364
Comments on Gracely et al., "Painful neuropathy: altered central processing maintained dynamically by peripheral input" (*Pain*, 51 (1992) 175–194)
M.L. Cohen, G.D. Champion and R. Sheather-Reid (Australia) 365
